THE SLUMP IN OIL.

Rockefeller Said to Have Lost More Than \$63,000,000.

NEW YORK, Dec. 19.—The drop of 20 a share in Standard Oil stock, making a total decline of more than \$60 per share in a week, makes a total shrinkage of \$100,000,000 in the value of those securities since May last, when the stock sold at its high record figures.

John D. Rockefeller is credited with holding one-third of the Standard Oil Company's stock, so that his loss in the slump amounts to more than \$63,000,000.

In May a few days before the Northern Pacific panic day, Standard Oil sold at \$40. The difference between that quotation and yesterday's of 65 is 150 points, which means that in the last seven months there has occurred a shrinkage of \$100,000,000 in the market value of the \$100,000,000 stock of the Standard Oil Company.

The trading in the stock has at no time been at all large, and there have been no developments adversely affecting the company beyond the recent cuts in price of crude oil; but the price of the stock has been drifting downward, with apparently no support. For the last year or two the Standard Oil dividends have aggregated 48 per cent yearly.

The shrinkage in the value of Amalgamated Copper in the same time has been \$77,500,000, a total for the two companies of \$267,500,000.

MONTANA LANDS INVOLVED.

Government Seeks to Recover 30,000 Acres Held by Senator Clark.

HELENA, Mont., Dec. 19.—The Federal grand jury in this city has returned 102 indictments against alleged violators of the land laws, charging that they committed perjury in securing tracts under homestead regulations.

The Government at the same time sued United States Senator W. A. Clark, in whose name title now rests, to recover about 30,000 acres, valued at half a million dollars, which, it is claimed were taken up in the regular manner by men, women, and children at the instigation of Clark's agent for the consideration of \$100 each, and afterward deeded to him, who in turn transferred them to Clark.

Clark, however, declares that he was an innocent purchaser.

The matter is now being heard before Master of Chancery Blake and in testimony before him today, C. L. Griswold swore that he had committed perjury in his testimony at the Helena Land Office thirty times and eight times at Missoula.

HOW TO PREVENT CROUP.
It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of the disease is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. That remedy is used in this way by many thousands of mothers, and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Henry Evans, Wholesale and Retail. All Druggists.
